We note that the October commission payment reflects an adjustment because the report included \$127.98 for calls for which no compensation of any kind was required or received.

These calls were made at no cost to consumers because they were due credits. Credits are not commissionable because they are not "Gross Revenues." They are Company-provided credits on a customer's account that are redeemed when calls are made and deducted.

Please contact your ViaPath Account Manager with any questions.

Thank you.
